VISION

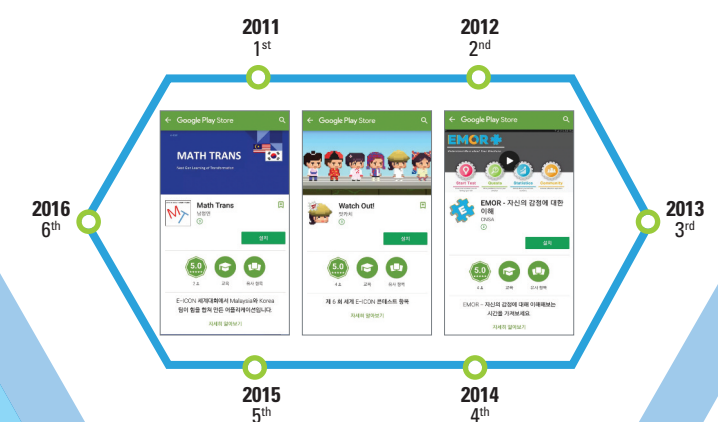

e-Learning Olympics' to nurture next-generation global e-Learning human resources

PROCEDURE

ACHIEVEMENTS

e-ICON WORLD CONTEST

Online activity

Team building, Online lectures on mobile application development and global issues, drafting a team proposal.

Collaborative Development

Mobile application development.

Presentation and Evaluation

Presentation on mobile application, feedback and reflections.

MAIN ACTIVITY

Valeria Berrocal Egusquiza (Student, Peru)

During the contest, I was motivated by my teammates who had the same **passion** with me. I can never forget our **heated discussion** to create better mobile application

Mohd Razif Abdul Razak (Teacher, Malaysia)

e-ICON brings a positive impact on the **students capacity building on ICT**. Students themselves define current educational challenges and develop necessary mobile application. By doing so, students can develop their **problem-solving skills** and **creative thinking**.

Byungyoung Gong (Ministry of Education, Korea)

e-ICON World contest offers an opportunity for students to flourish their **dream** and **talent**. We will be committed to promote the contest to be the world-renowned contents contest in the field of e-Learning contents development
